Summary: I'm sorry FF.Net, I couldn't resist making another Sk8er Boi parody. =) Well, this one's about one of the Adepts we all know and love, Ivan! *cheers* Oh, and this is also my 'story' debut into the GS section...

***Chapter 1*: Adept Boy**

He was a man
He was a boy
Can I make it any more obvious?

He's a merchant
He can Read Minds
What more can I say?

He wanted him
And so he then went
And adopted him, getting a Rod as well!

But all of Kalay
Stuck up their nose
They had a problem with their minds being Read!

He was an Adept boy
He said see ya later boy
He had to find the Shaman's Rod!

He had an ugly face
But he needed that Shaman's Rod
He needed to come back to Kalay!

Few months from now
He's a prisoner
Sitting in a fortress, he's all alone!

He turns around
Guess who he sees
Adept boy, came to rescue Hammet!

Then comes in Donpa

He already knows
And he's got a monster to kill them all!

He sits to watch
Keeps an eye on Donpa
Stares at the boy he left behind...

He was an Adept boy
He said see ya later boy
He had to find the Shaman's Rod!

Now he's a Magister
Casting Shine Plasma
Does your ugly face see what he's worth?

He was an Adept boy
He said see ya later boy
He had to find the Shaman's Rod!

Now he's a Magister
Casting Shine Plasma
Does your ugly face see what he's worth?

Sorry dude but you missed out
Well tough luck, that boy's ours now

We are more than father and 'son'
Another story has begun

Too bad that he couldn't see
See the man that boy could be

There is more than meets the eye
I see the soul that is inside

He's just a boy
And we're a bunch of Adepts

Can we make it any more obvious?

We're dragging him along
Haven't you heard?
We're gonna save the whole damn world!

We met an Adept boy
We said see ya later boy
We'll heal you after this battle

We'll be at the Lighthouses
Using Frosts and Douses
Trying to save the whole damn world!

We met an Adept boy
We said see ya later boy
We'll heal you after this battle

We'll be at the Lighthouses
Using Frosts and Douses
Trying to save the whole damn world
